This magazine is devoted to men and women who enslave and transform men into sissies, maids, she-males and sluts.
A note from the editor of CENTURIAN PUBLISHING

Thank you for the great response. We've received lots of photos and letters which I will put in this and future issues.

WE NEED YOUR PHOTOS AND SHORT ARTICLES FROM MISTRESSES, MASTERS, SISSIES AND MAIDS. We have a lot of real, true stories from readers for this issue, plus we added some fiction to make this magazine more interesting.

We get a lot of letters from readers who don't send photos. Our artists try to depict a story with their art. We spend $3,000 to $5,000 in every issue of “Forced Womanhood” and “Enslaved Sissies and Maids” on artwork alone. These two magazines cost more than the other adult distributed magazines. We think it is worth it to bring you, the reader, magazines that are unique and fun to read. A lot more work goes into putting these two magazines out.

Independent Wife Owns Her Own Business And Turns Her Husband Into Her Maid

Dear Enslaved Sissy,
I have always been an independent woman. I own my own firm and control over thirty five employees. When I married my husband he knew I would be in control. I have read your Forced Womanhood magazine for years and have enslaved my husband. After reading your sissy magazine I have now put him in training to be my maid.

Wife Turns Husband Into Sissy Maid To Do His Makeup

Dear Sissy Magazine,
My once husband (now my sissy maid) enjoys all your magazines. Since reading your Enslaved Sissies and Maids magazine I have decided to turn him into my maid. I have made him take your hormones and grow his hair long so I can put his hair in cutleis and show him how to do his makeup.

More Tales From Sissy Barbara

Dear Enslaved Sissies and Maids,

Once again I'm waiting to thank you for including my letters and photos in your most recent issue. You were very generous to give me so much space and I am grateful. I've heard from several readers who enjoyed it. Here are a few more photos showing other aspects of my progress as a sissy and maid. I do hope you'll include them in a future issue for your readers' entertainment. Maybe some of them will want to contact me to avail themselves of my services, especially those who are truly interested in getting together in person.

Since I last wrote I was invited by a Master to serve at a bondage party for about 5 couples. When I arrived he promptly directed me to strip and kneel by the door while he looked for the hostess. She showed me to a room where I was to be transformed.

When I joined the group I approached my Master, as directed, got on my knees, lowered my eyes and asked for his permission to serve the other guests. He graciously allowed me to do that, so I served them refreshments as they began to play. I was not to be an active participant.

When called upon I would bring things to the guests or put things away. At one point I was allowed to hold an electric device for some couples as they played. When I wasn't serving I sat in the corner, as directed, so I wouldn't disturb the other guests.

I hope they found my services useful and will write me back to assist them again.

I'll keep you informed as this journey continues.

Sincerely,
Barbara Roberts

Dear Enslaved Readers,

I recently found your wonderful magazine, while meeting a new playmate. While the experience with him was unfortunately unfilled, I did talk him out of your mag. After I read it, I had to cover five times I was hooked. I have always been submissive and love the feeling of bondage. I crossdress in private and wish every time that I never had to take my clothes off. I am a slender 173 pound, with nice legs and go to bed every night hoping for real breasts to sprout. I welcome all letters from anyone looking for a permanent sissy slave to train.

I am very obedient and listen well. I am bisexual, and enjoy both women and men. Very oral and love being taken in my ass, so please let my dreams come true and be your sissy slave girl!

Dear friend well. My love of cross dressed males started when I found my younger son one year older. I dressed him in a party dress, boy socks, and Mary Janes with little girl.

heels, his face made up and his long hair in a feminine style. He blushed, but I told him I loved the way he looked. Our parents were off together on a weekend trip so we had the house to ourselves. Kit admitted that he’d been dressing up secretly ever since he was ten, and he was now eighteen. (Intrigued, I later got him onto crossdressing and learned it usually started between ages six and thirteen, and that we all have a male and female side. It is a tool used by “the girl within” to bring out and develop “her” feminine qualities.) Kit said he used to imagine he was a pretty helpless girl when we played cops ’n robbers, etc., and we agreed it would be fun to do so again. (He didn’t know that my “special friend” Janice and I loved tying each other up and “doing things” to each other. It had become very intimate after we both turned eighteen.) Kit and I played, and it was a different thrill to both be and be tied up by a guy who looked like a lovely girl.

From that weekend on, I added crossdressing in bondage to my “fun things” to do. Though I dated boys in college, I never found one who went along with dressing up, and just tying up a boy wasn’t the same thrill. Janice and I still had sleep overs, and I continued seeing Kit, who also wore school girl clothes besides his sissy clothes in private. After college Janice and I took an apartment and began having Kit over, dressed as a girl. At first he slept tied and gagged on the couch in baby doll nighties while Janice and I had lesbian bondage sex in our bedroom. Then he was allowed to watch, tied and gagged to a bed post in a baby doll and high healed shoes, and at last we allowed him to participate. He did everything with Janice, but since we were conscious we only engaged in striking each other intimately and being with one or both of us bound.

Janice met a man and married, and Kit took her place in the apartment. We discovered your wonderful magazine and other publications and began ordering sissy and school girl clothes from your Transvestite catalog. I had a well paying job and Kit received his late father’s inheritance, so we took an isolated house and sent for your feminizing pills and creams. He stayed home as the lady of the house, in pink or white looking sissy maids bondage uniforms, lace socks and Sylvia Baby Doll shoes or Mary Janes with little girl heels, while I went off to work.

Soon Kit’s slender body began to take on a definite female shape. His skin became even softer and his long blond hair was very luxurious. His breasts grew, and helped by a corset, his waist became narrower and his hips and rump had a female roundness. Things were marvelous until Kit found his cock was shrinking as his body changed. That was fine with me as I only wanted him (or any man) to lick my pussy. He tried to stop his feminization and ended up tied and penis gagged in the cellar in only a ruffled “Forever Sissy” bas, matching panties, over the knee school girl stockings, and #2 Baby Doll shoes with two darling straps and little girl heels.

For two weeks I spanked, whipped, dicked, and walked on Kits body and prick in 8” stilet tos, which he had to lie before and after they were rammed into his poopy chute. He slept tied in a ball with a butt plug up his ass, and his exercise was crawling in ropes to kiss and lick my pussy and stilettoes. He finally admitted defeat, and I doubled his pill dosage and use of the creams. His willing cock was locked in a FLA femme chastity, with stocks and a ring to lend him on a leash and tether him to things. In no time his tits were ready for a big implant and his tiny prick could only take a FL2C chastity that was put on permanently.

Then Kit became Kitty, a beautiful sissy he male who passed easily as a real woman.

Janice visits often with her sissy husband, and he and Kitty, in party dresses, petticoats, lace socks and Sylvia Baby Doll shoes, service us with their red mouths for hours before we leave them tied and go off for sex. Owning and dominating my submissive sissy at such heaven!

Mistress Irene

Dear Enslaved Sissies and Maids:
My Mistress and I thoroughly enjoy reading both Enslaved Sissies and Maids and Forced Womanhood. I have enclosed a couple of pictures of myself taken by my Mistress as I go about my duties. The first is a photo of me just before beginning my dusting. The Second is of me folding my Mistress’ panties after I had washed them and dried them. I love being subservient to her and doing anything she wishes. She enjoys making me pleasure her sexually but, never allowing me to cum. She also enjoys public humiliating me in front of both men and women, often dressing me in suggestive outfits and taking me to bars to see what happens. It's always an adventure when we do this. Maybe in the future I will tell you about them and send more pictures. Keep up the good work.

Man's Schoolgirl Fantasy Becomes Reality

story on page 9
Dear Enslaved:

My older brother Rick loved ropes and was always practicing knots on me. I was tied up so much I soon enjoyed it. Since we were kids no one thought anything about me being tied in the yard, at the movies, or visiting his friends. I was tied up almost the minute we were in our room, and often even slept in ropes. Though I think he just liked me being his captive, Rick said he was practicing to bind our baby-sitter Cindy inescapably. The older blonde teen beauty watched us until Mom got home from work and also when she went out on dates, and enjoyed playing tie-up games with us. She usually wore her school uniform: a white, long-sleeve blouse, short plaid skirt, white stockings turned below her knees, and penny loafers—and did she look sexy all tied and gagged. To Rick's frustration she usually got free, then tied us so we couldn't get loose. One fateful day while I was tied in the attic Rick found a trunk with Mom's high school clothes, etc., and insisted I wear them so it would be more like binding Cindy. I tried to hide my excitement as I put on the frilly panties and stuffed matching bra, white, short-sleeve midriff blouse, short plaid skirt, long white stockings, then went downstairs for Mom's penny loafers and to brush my long hair into a female style.

From then on I was tied up like that, and usually slept bound in bra and panties, covers hiding my body. We even let Cindy in on our secret, and she made me up and did my hair before Rick tied us up as two school girls, then later she tied Rick and me, still as a school girl. Sadly she later went off to college and Rick was too old for us having a baby-sitter. He still continued to tie me up as a school girl, saying he was practicing to tie up the girls he dated.

Finally he moved out and I was left to dress and tie myself up alone.

The college dorm wasn't the place for bondage and crossdressing so I cooled it until I graduated and had an apartment of my own. I found your terrific magazine and its sister publications and was consolled to learn that many men (and their women) shared my fetishes. I sent for wigs, lingerie and sissy and school girl clothes from your Transvestite catalog, and even almost ordered your feminizing pills and creams. Everything was fine except I wanted a lady like Cindy to dominate me—not any gadabout who advertised to meet loads of people, or a dominatrix who would do so for money. Then came a real surprise when I went home to visit Mom and Cindy was also visiting her parents. She'd been divorced because her hubby was a prude about bondage and feminization, and was happy to hear I wasn't married. She was only six years older than me and lived in a town near mine. We began dating and were soon married.

Having lots of money from her divorce and shrewd investments, she convinced me to quit work and be feminized. I wore locking sissy maids pink or white satin bondage uniforms, leather cuffs and chains, lacy socks and various style Sylvia Baby Doll shoes and Mary Janes with little girl heels, while doing housework. I dressed in school girl outfits, bobby socks and penny loafers when she tied me up for sex—which was mainly me eating her pussy—and slept in either a Baby Doll nightie or frilly 'Forever Sissy' bra and matching panties and a waist-cinch to nip in my waist and give my hips and butt a rounder, feminine appearance. Cindy tied me up so I couldn't loosen the waist-cinch during the night. Things went well with your feminizing pills and creams until I saw my small penis was shrinking. Cindy wanted me as a she-male school girl, reminding her of the ones she had lesbian bondage sex with in her senior year of high school and on into college. She disciplined me by tying me in the cellar in only my frilly bra, panties, lacy socks and black Mary Janes with little girl heels for over a week. She spanked, whipped, dildoed, and walked on me in 8" stilettos. She face-sat me and kept me in cock and ball bondage and torment. I gave in and increased my pills and creams. Soon my breasts were ready for big implants and my tiny cock was locked permanently in a FL2 frenum chastity.

In my school girl outfit, an artificial pussy hiding my prick, I am bound, spanked and dildoed by Cindy's girlfriends and male friends. I love it and do my best to please everyone!

Wife Binds Hubby At Night In His Sissy Bedroom And Sissy Outfits

Dearest Jeri,

Enclosed are pictures of my little girl's room that I sleep in nightly. In the evening when I get home I'm to go and change into any of my girl things. I like wearing a lot of petticoats and skirts, always a white bra with a white blouse. I normally spend about 1 hour in my room until dinner is ready. I always stay dressed during this time. Most of the time after dinner I go to my room and change into my bra, nightgown and panties that I will be sleeping in. I watch a little TV and my wife will come in and tell me it's time for bed. Three nights a week I'm tied down on my back. Other nights I'm tied on my tummy and gagged.

She has me rub my wee wee in my panties, then change them into another pair and ties my legs apart. Around 5:30am she comes in, takes the gag out but doesn't untie me. She lifts up my nightie and inserts a dildo and pulls my panties over it and leaves the room. Sometimes she takes the dildo out, gags me and spans me for about 3 minutes. She is talking about when it's windy to drive to a park and walk around. My skirt would be flying up, all my slips would be seen and my hair would be blowing into my lipstick. I'm dressed as I write this and feeling so girlish. I'll send more photos soon.

Love,
Teddi
"Wouldn't it be nice to have a sweet little girl around the house?" I asked Veronica, my sister.

"Yes, it really would be. Someone we'd love dressing up and showing off. But I'm afraid we're past our prime."

"Excuse me, ma'am, but that's what you really want. I think I know a way to get just what you want. A sweet, docile, very girlish girl. It's a bit unorthodox, but I think just the right thing in one of those alternative lifestyle newspapers would get you what you want," our maid Marie offered.

We were shocked when she explained, but intrigued.

"And we want very obedient girl. One that does as she's told with every outfit, she doesn't hold out much hope, but if you do find a candidate, money's no problem," Veronica added.

It was a couple weeks later that she told us she had something to show us. When she left the room and came back both of our jaws dropped.

She had a young girl on a leash yanking him over to us.

There wasn't much he could do but follow as the end of the leash was connected to a sheath clamped around his organ, and his hands were tied behind him.

We could both see the potential she said obviously "prepped" him somewhat before she presented him.

He had the tallest pink sissy bra on. A big match stick in her hair, pink Mary Janes on his feet and ruffled little girl socks. He already looked feminine as there wasn't a hair below his head, and he couldn't have been any taller than five feet three.

Turning him around Marie said, "Notice the total lack of muscle definition; he already has very soft skin. And just look at his bottom, it's a babyish girlish."

"Yes, I think he has definitive potential. But it's going to take a lot more work until he's absolutely girlish," I remarked.

"Well, you did say money was no object. A tummy tuck here, a nose job, a new hair style and girlish makeup which I'll have tattooed on will be a good start. Then I've already contacted a woman from a charm school to come in and work with her every day," Marie said.

"Please tell me what's going on. I don't understand," he pleaded.

"You answered an ad from two women looking for a man who likes to dress up in

petticoats and frilly things, didn't you?" Veronica asked.

"Well, yes, but it's just something I like to do now and then," he tried to explain.

"And so you shall. My goodness you're just going to love all your frilly, sissy dresses, mounds of petticoats, the daintiest socks and shoes..."

"But, I have to go back to work Monday," he said. "Oh my no. We'll take care of that. You see my sister and I have always longed for a darling girl we can dress up and show off. Neither of us are interested in mixing one so Maria had the brilliant idea of transforming a boy who loves to dress up into the most feminine, sissy girl for us to play with."

"No please, that's not what I wanted," he pleaded. "Don't be frightened—now Miranda.

Jane, that's now your new name, you'll be well taken care of, and we already have your room ready. You just go with Maria now and we'll see you, when will we see her?" I asked.

"I think in about a month, Miss..."

"Oh my, so long? Well, we'll be patient" Veronica said.

It was nearly a month to the day when Maria came in and said, "May I present Miss Miranda Jane?"
Sweet Sissy Girl continued from page 11

“Oh my goodness, she’s perfect!” I cried, and she was.

She appeared ever so dainty and fragile. Dressed in the most darling, pink taffeta dress.

Petite and musing. Bare legs down to the sweetest, lace anklets and pink strap shoes

with bows. Her hair had been done in the most elaborate manner, curled and

ribbons. Her face and makeup so doll like.

“Hello Auntie Veronica and Auntie Jane,” she said in a delightful lip and curtseied.

“I’ll be a good girl, I promise,” she said, looking fearfully at Maria holding a cane and

looking at her sternly.

“Isn’t she just the sweetest doll,” I remarked.

“And when we want we can take her out and play with her,” Veronica giggled.

“We absolutely must take her shopping tomorrow for a whole wardrobe of the frilliest

sisters’ outfits,” Jane declared.

“I know just the place. Romantic sensations, they cater to sissies. I’ll make an

appointment for you,” Maria suggested.
Attention Sissy Maid:
I am a very aggressive, dominant and horny lady. My husband just couldn’t satisfy me and I read the magazines he got from your company. I asked him if he wanted to be turned into a girl, and he said yes. This was the answer I wanted because I needed more and better sex than he would give me. When your sissy magazine came out, it was just what I wanted. I put Matthew on your hormones and kept him in bondage to make him do what I wanted. We bought some of your sissy clothes and shoes which he now wears at all times. Six months ago with the help of your hormones he got chastised permanently. Now I can have sex with real men and then oral sex by my sissy slave. It turns me on seeing what I did to Matthew and I sometimes bind him up and make him suck out another man’s cum from my wet pussy. Then I cum again and again. I’m happier and more satisfied than I have ever been.

Dear Enslaved,

I am a bisexual man who met Keith about two years ago. Keith told me right away that he enjoyed dressing in women's clothes. I let Keith move in with me when he lost his job. Soon I started reading the material he received every month from your company. He told me he has been on your mailing list for years. He soon showed me his collection of your publications.

I was interested with two of your publications in particular, that being Forced Womanhood and Enslaved Sissy. I asked Keith if he was willing to do this for me.

Bisexual Man Turns TV Into Sissy Slave

He said, "Yes."
Keith had a subscription to both these magazines and each issue gave me lots of ideas on how to train and transform Keith into Kathy. I really liked the idea because I was already what people call bisexual. I would have both a man and a woman. What else could someone ask for?
I kept Keith, now Kathy, bound up in his bed room so he couldn't change his clothes as I started transforming him. I bought Keith some outfits, sissy shoes and your vitamin hormones out of your sissy catalogs and made him wear these outfits right from the start to get him used to it. Your hormones made his little titties big enough after a year of double doses to have his breast implants. And, of course, I'd bind him up and make him stick my dick just the way I wanted.
Soon I even broke his little cherry hole. The first few times were painful for him because he was so small, so what I did was bind Kathy up and start with a small dildo bound up in her butt with one of your chastity belts and slowly over a few weeks enlarge the size of the dildo in her butt.
After Kathy's breast implants she really started looking great in her sissy dresses and Mary Jane shoes. It really turned me on, just looking at her. I could now take her out in public. I made her wear some of your sweet dresses instead of really sissy dresses when we went out. But she always had to wear her Mary Janes with ruffled socks.
Two weeks ago I received your Premium Chastity. I took her to a piercer and had the metal chastity put on permanent.
Now Kathy is mine and she can never go out on me. And I can have her as my true lover to fuck and get blow jobs when ever I want. Kathy is very loyal. She cleans the house, has dinner ready for me when I get home and is the perfect submissive wife who actually loves her position in life as my pretty little sissy slave.

Sissy Tammy Needs A Good Spanking

Dear Enslaved Sissies and Maids,
I love your magazine and I have all three of your TV sissy catalogs. My Femme name is Tammy. I love to read Enslaved Sissies and Maids, especially the stories about the sissy academy where ass sissies are spanked for doing anything wrong. I have lots of schoolgirl outfits and ruffled panties from Centurian and I love it. I work during the day, but at night and days off I am sissy Tammy who some times needs a good spanking.
Love,

Dear Erosed,
I met Willard through your Readers Letters section. He looked so gorgeous in a brief French maid uniform, 6' heels, black page boy wig and simply yards and yards of contrasting white Satin imitating his slender body and a thinly folded white scarf between his red lips (I do wish more readers would send bondage photos, as I do see seeing feminized men all tied up; it's so sexy!) that I sat right down and wrote him even before I finished reading your wonderful magazine. He wrote back giving his phone number, and we met the following week end at my house.

Willard was just as submissive as he'd said, and cooked, cleaned, and served while in leather waist and ankle boots and chains and penis gagged. He also submitted obediently being tied for hours in as many stereotypic and intimate positions as I could dream up, and even slept right in his bondage. After that we began seeing each other every weekend (as he only lived thirty miles away), and the finally gave up his low paying job and moved in as my TV maid slave. I threw out all of Willard's male clothes and ordered lots and lots of sexy clothes for him from your Transvestite and Transformation catalogue, including lock on sissy dresses, sissy bra, matching panties and over the knee, school girl stockings and a variety of Mary Jane, Sylvia doll shoes from your "Little Tootsie" line. Willard was so thrilled, and loved switching back and forth from French maid uniforms and 6' and 7' stilettos to the white or pink satin locking sissy maid bondage uniform and Mary Jane. He agreed to start taking your various feminizing creams and pills, unaware that I was secretly gourmeting up stronger dosages into his meals.

At first everything went along very well. Willard was enthralled with his growing breasts (I taught him to play with them and his nipples, sending exotic tingles down to his cock) softer skin and sillier hair. I also had him wear a waist cincher constantly (even sleeping tied in it and 7' stilettos) to nip in his slim waist and give his hips and ass a rounder, more feminine appearance. The various styles and heights of stiletto heels helped his arched, and made his legs more sensuous. We both delighted in thinking up ingenious ways to bind him, either in his French maid or sissy locking dress uniform, and he became quite expert at loving my aunt with his tongue or fingers while in tight bondage.

Then Willard found that his cock was shriveling as his breasts grew larger. I told him I much preferred his mouth to his prick, and encouraged him to toy sensually with his nipples, which aroused his dwindling sex drive, but he soon rebelled against changing into a sissy male with a tiny, useless dong.

That led to a week bondagery stay in the basement, wearing only stay up nylons and 7" stilettos or ruffled socks and 8' stilettos (when I was not whipping or dildoing him he also wore the black waist cinchers) while I disciplined him with whips, dildos, hair brushes, and my spanking palms. I tied him quite intimately, gagging him with various gags for hours. I especially loved spread eagling him between two posts, little muscles trembling with strain, high healed feet well off the floor, and lashing, spanking and dildoing him until he fainted.

When Willard had succumbed to my will I gave him feminine lessons, lashing him when he made a mistake, and locked his small cock in a genital engulfing penis chastity until your FDC Ferum chastity, which prevents erections with heavy pain, arrived, then attached a leash to its ring and delighted in leading him about or else hobbling him to objects. Some months later he was given large breast implants and his shrunken cock was locked permanently in a FLC Ferum, ending his sex life.

"Willis" is a stunning, Raven haired, submissive beauty who enjoys her male slavery and obeys my every wish. Depending on my mood I dress her as a French maid or else a sissy maid, complete with "Forever Sissy" undies and stockings and "Little Tootsie" line of sissy shoes while she eats my pussy and suck an occasional male cock. She's a perfect sissy shit! Mistress Andrea

Man Picks Up TV In Gay Bar And Transforms Him Into His Sissy Slave

Attention to Enslaved Sissy Magazine,
I am a very dominant man who has been a devoted reader of your magazines. As with many of your readers I like beautiful she males shown in your magazine. There are a lot of TV's that go to gay bars because they can dress and not be laughed at. I met Karen at one of these bars.

To make a long story short, I took Karen home and, by chance, he also had your magazines. After a year of training, your vitamin hormones, breast implants and voice training, Karen is now slave sissy and wife who I take everywhere. I love to make her suck cock and I love to fuck her in her nice tight ass, we're both very happy because of your magazines.

Lillian Loves Her Husband
But Only As A Sissy

I should never, never have told my wife, of six years, that I was a crossdresser. But Lillian and I had always talked about our problems and I had come to trust her. She had always been understanding, sensitive and logical. Still I was scared and nervous.

When I finally got it out she thought for a moment then said, “I always thought there was something you were hiding from me. I know how horribly ashamed you must feel confessing to your wife that you love dressing up as a woman. I understand now why you always had a problem getting it up unless I was dressed in some sexy lingerie. You finally sized that it was you wearing it, didn’t you?”

“Yes,” I admitted, hanging my head.

“In general this marriage has been a big disappointment now I understand why.”

“But Lillian I love you, I adore you. You know that I would do anything to make you happy,” I swore.

“Yes, I know. You’re like an eager puppy dog. And that’s the only reason I’m going to stay married. I would have understood, but there wouldn’t have been any marriage. And obviously our marriage, such as it is, is going to undergo dramatic change. There can’t be two women in the house,” she said.

“But I don’t want to be a woman, I just like dressing as one,” I pleaded.

“I’m afraid I can’t tolerate that. You dressing as a woman makes a mockery of our sex. Since you obviously aren’t the man I married, or let’s be honest, much of a man at all, all your logistic thing to do is to make you what you really are, a sissy. No more skirts for you, although I believe sissies do wear jeans.”

“I don’t understand what you mean, a sissy? “Oh, you’ll see,” was all she said.

That night I was consigned to the smallest guest room. We’ll call it the sissy room,” she said.

The next morning I didn’t understand why but I held my hands out when she ordered me in a commanding voice I’d never heard before. Before I could protest I found my hands tied by one end of a red leash.

Which is how I was lead out to the car, pleading with her not to take me out like this. “I imagine you’re not going to like what my beautician is going to do so it’s better this way,” she said.

I was mortified being led into her beauty salon as the end of a leash. All the women laughing themselves silly.

“You understand, Jill, I don’t want him looking like a girl. I want the full sissy treatment,” she dictated.

“Oh my, I’m going to really enjoy this,” Jill laughed, ordering her girls to strap me into her chair.

It was literally hours later before I was turned to the mirror and looked like a girl. I want the sissy full treatment,” she dictated.

My long, brown hair was now a golden blonde. And, of all things, it had been put in little pink pig tails with big pink bows fastening them. I had huge curved, fake eyelashes. My eyebrows had been plucked. My lips looked twice as big and they were pink. I had been painfully waxed, every hair from ears to toes. Much too long fingernails had been glued on and painted pink.

I nearly passed out when she smiled and said to Lillian, “As requested the eyelashes, eyeshadow, rouge, all your sissy lips, and fingernails are all permanent.”

“Well, let’s get you dressed. I can’t wait to show you off to all my friends, while you were getting your treatment I went shopping, sissy shopping. Since you love parties we’ll start with these, specially made for sissies,” she said.

When she held them up I couldn’t help the anguish sob that escaped me. They were bright pink, ruffle trimmed, they love up the front and had a hook at the waist band. I begged her not to put them on me, but it fell on deaf ears.

As she love up the front, crushing my poor organs, the women laughed themselves silly as she described their other hidden features.

“Obviously it love up the front to flatten any unsightly bulges. The back has stiff, underwires to lift the cheeks. Between them...”

there's a ten pound cheek spreader that will not only add a good three inches to his sissy behind but will cause a delightful swishing just like a girl does."

"Now be a good sissy, while the girls and I finish dressing you, and keep your eyes shut," she ordered.

When I was finally allowed to open them and saw myself in the mirror I was horrified. I cried, tears running down my cheeks, at what I saw. The blue, strapless top was ruffle trimmed to highlight my now girlish titties. The bottom, barely reaching my waist, was ruffled with lavender sash tightly tied in a huge bow in back.

The ultra short satin hot pants were lavender with blue stars on each cheek. Pink stockings were on my legs with suspenders straps clearly visible. On my feet were six inch platform heels in patent lavender with big floppy bows on each shoe.

"My god, doesn't he scream silly?" one of the women laughed.

Mistress Lillian, as I was now made to call her, made me go to each woman and thank them for making me such an adorable sissy.

Then, at the end of the leash I was paraded down the street. The mocking, jeering laughter was unbearable. From then on if I'd been a bad sissy and hadn't done all my chores right I was subjected to another "sissy walk!") I was actually excited the day she said I had been a good sissy and I could wear my new outfit for our walk. But when she laid it out on the bed I swears my heart stopped and all I could do was sob in dismay. "Honestly, all you seem to be doing these days is cry. Get dressed. Now!" she ordered.

Tears streaming down my face as I struggled into the skin tight neon green, girl capri pants. The top was the brightest blue with pink trim. Over that was another top almost as horrible as the pants. It looked like I was wearing a neon green bra with ruffles cascading barely to my waist. As she had promised she didn't make me wear heels, but what I had to put on were almost worse.

Little girl's patent leather Mary Janes. The ultimate sissy shoes with short lacy socks. She didn't put my hair in pigtails but a ponytail with the biggest matching green bow.

I suppose it was my own fault that she angrily tied my hands behind me and fixed them to a leash. "You're going and that's final," she said snapping the leash. "It seems nothing I do makes you happy. I let you wear pants. I don't

make you wear heels. Now I have to put on a leash just to get you to go out.”

The walk was, as expected, devastating. I begged and pleaded for weeks to take me out in skirts. I truly felt I would endure less shame and humiliation.

Finally I apparently wore her down when she came home with my new dress. I was so happy. I shouldn’t have been. It wasn’t the kind of dress I fantasized about wearing.

True to my status it was a sissy’s dress.

Pink petticoats, girlish short, roundish skirts. Pink shoes and ruffled lace anklets. A huge, ruffled collar and cuffs and short, dainty white gloves. As I looked in the mirror I felt a glimmer of hope. Maybe, just maybe I’d be mistaken as a sissy dressed girl.

That hope was quickly dashed when a pink collar was put on me, my hands cuffed and attached to the collar.

And then the final indignity.

A pink leash was strapped to the back of my belt.

As my Mistress walked me down the street I knew all eyes were on me from the sudden laughter and snide remarks.

However this time several women stopped us to compliment my Mistress on what an adorable dress her sissy was wearing. Several asked where they could get one for their sissy.

I was made to curtsy and “thank” each woman and thought that maybe being a sissy wasn’t too awful.
Wife Turns Husband Into Sissy Slave And Makes Him Suck Out Her Lovers Cum

Story on page 25
Dear Sissy Magazine,

I love my husband but he was just too much for a whippin' for me. We had been married for over fifteen years and he just didn't turn me on anymore. Our sex life came to an end after I came home and only one night and found him watching television in one of my dresses. I had also found his stash of magazines from your company. I needed sex from a real man, not a crossdresser. I read the issues of "Sissies" and Forced Womanhood magazines. I realized that I could still keep him as my husband, turn him into a chastised sissy and then I could have sex with real men. This was two years ago.

My husband is now called Sissy. I made him take your hormones which turned his titties into a small "B" cup. I took him to a piercing parlor and had your Ferum Chastity put on him. Plus, I had his nipples pierced and had nipple shields put on so he couldn't play with his nipples. Next I took him to a tattoo parlor and had "Sissy Slave" put on his ass.

Now I can have my lovers over to satisfy my sexual needs. I like to really humiliate sissy by binding her up in sissy attire then having great sex right in front of him as he's tied up in the bed room. Then I really humiliate him by making him suck out the cum of the man who just made love to me.

While he's bound with his arms behind him, I tell him how much I enjoy sex with a real man as he licks me clean. Then I make him kiss my feet and make him tell me that he's just a slave. This, of course, turns me on again and I usually cum again.

Ms. Martha
Wife a Real Sissy
Dear Enslaved Staff,

I wasn't surprised when my ex-wife of ten years called and said she was in town and would like to have lunch. I still owed her back alimony, so I figured she was after that. We met at trendy cafe and she was still the sexy blonde I remember. We talked for a few hours catching up. Amazingly, she never mentioned the money. We started having some drinks and few hours later, out of the blue, she asked me if I'd like to go to her room. We got to her suite and her cell phone rang. She said, "I have to take this, it's my boss. Make yourself comfortable, we have a long night ahead of us." I made a drink and that was the last thing I remember.

In my shock, I woke with my ankles shackled to the corners of the bed, blindfolded. I could feel my body ensnared in ruffles and silk. You never mistake the feeling of satiny on your cock. Rubbing a dildo across my lips she said, "I always knew about your cross-dressing and how you wanted to be trained into a sissy slave. I couldn't do it when we were married, so now it's time for your sissy hole to take this cock."

I needed to be filled and the feeling of emptiness took over and I arched my hips back to feel the penis head press into my gaping hole. From the thick head I knew what to expect and began talking nasty. "I want your big dick. This was my fantasy while we were married." My ass cheeks were grabbed roughly before I was filled with the entire erection in one anampleastic thrust. I never imagined Kris would make such a dominating attack on my virginity as the pounding quickened and I cried between grunts.

When this went on for several minutes until I heard a man groaning. The humiliation I felt that someone may be watching was nothing compared to what happened next.

Krisin pulled off the blindfold and shoved her moist pussy into my face. "I'm not your Mistress, I just own you until you pay off your debt to me. Ten years of interest will mean a lot of big dicks in that pussy."

A groan and deep shove preceded my sissy hole being flooded with cum. The twitching and throbbing was hypnotic. "You'll learn in time how much you need to fuck like a little girl... my seductive sissy slave."

**Sissy Husband Is Wife's Inspiration For Sissy Designer Line**

When I penned Enslaved Sissies and Maids a note a few months ago it was to tell you how I'd turned my husband into a sissy. Not until after we had married did I find out he was a crossdresser. Which I wouldn't put up with. Having him running around masquerading as a woman I felt was an insult to the fair sex. I realized he wasn't much of a man so I turned him into a effeminate sissy. And to drive home the point I dressed him in the most outlandish sissy outfits and paraded him out in public at the end of a leash. I'm a closet fashion designer and got much enjoyment creating outfits that just screamed, "Sissy!"

He begged again and again to put him skirts and he finally got his wish, a pink, sissy dress. I even got a pink walking leash. Naturally each sissy walk was devastating. The embarrassment he suffered was unbearably humiliating. But, of course, that was precisely the purpose of our weekly sissy walks.

But what truly surprised me were the number of women who came up and complimented me on his outfits wondering where they could get outfits just like he was wearing for their own sissy. I knew there must be other sissies out there, I just didn't realize how many there were. Hell, it completely changed my life! I turned Sissy into a seamstress and now after he does his house chores, he spends all his free time sewing sissy outfits for all orders I started taking. So continued on page 29

**Pink Pants and Sissy T-Shirt**

Undoubtedly, your sissy will beg you to allow him to wear pants when you take him out. So indulge him. One outing in this outfit and he'll plead to be put back in skirts, where he belongs. And to make certain that everyone knows he's a sissy under control add a Sissy Control Belt. He'll be so relieved when you tell him he can wear a T-shirt until he sees himself in his, "I'm a Sissy" crop top. Poor thing.
Yellow Sissy Dress and Purse
I call this my "Ultimate Sissy Dress". You'll love showing off your sissy in it as much as I'll hate it. Doesn't it just scream "Sissy"? But, to make sure there's the sissy purse, and the waist bracelets connecting them, front and back, to his tiny chestised, sissy dick.

Blue, Bubble, Hobble Sissy Dress
So feminine and yet so restrictive. He'll mince so daintily. Barely able to put one toe in front of the other. Once he's in it you can adjust it to any tightness, then simply lock it. Virtually escape proof.

continued from page 28
many that I quit my job and started my own designer line of sissy clothes I called, "Sissy Delights".
All too soon I was swamped with orders. Obviously I needed help. So I approached some of the women who'd ordered them part time, offering, naturally, to pay them a fair hourly rate. "How about fifty cents an hour? I don't give him any allowance, so this will give him some," one woman said.
"I'm out of town a lot, so you can just keep him and work him as long as you want. If he doesn't work hard enough, give him a good spanking," another said.
Well, I ended up with ten, part-time sissies. I insisted on paying them fifty cents an hour. I keep them chained to their chairs. I allow them to stand for two minutes after each outfit is complete, and before they leave they have to finish five. Sometimes they sit there a good 20 hours at a time.
The money was rolling in and the profit margin was incredible. But what I decided was that I'd have it made if I had an outlet.
So I approached Jeri Lee, who owns the biggest and best sissy boutique in the country called Romantic Sissies. They have the most complete line of the most precious sissy shoes, socks, corsets, and lingerie. And I buy exclusively from her to add finishing touches to all my outfits.
I was in shock when she said, "these are all really great! I just have to add your line. In fact why don't we have a showing. Women will come from all over and I'll encourage them to bring their sissies."
So, I worked my sissies to the bone to get ready to show off my spring collection at Romantic Sissies. I ended up with over forty creations to show, most with matching leashes and accessories from Jeri's boutique. I was so proud as each sissy minced down the runway. I had frilly party dresses, sissy pants and matching tops, casual outfits and sissy swimwear. The show was an absolute success.
Black Velvet, Drop Waist Sissy Dress
You'll love your sissy in this so sweet sissy dress. The black velvet top is form fitting to show off his wiggle. The pink seersucker skirt flounces out so prettily over his petticoats. His darling pink shoes and lacy anklets, of course, are from Centurions. Who has end less styles of sissy shoes.

Pumpkin Sissy Ensemble
No self respecting woman would wear such a flirty, pumpkin outfit. But it's perfect for your sissy. Imagine parading down the street in this. The skin tight skirt glued to his wig gliding behind. The skirts swishing and bouncing, all too often showing off his chichi ribbon. Filly anklets and white. Baby Doll heels perfectly show off your sissy's long, soft, girlish legs.

Dear Enslaved,

Even before discovering your marvelous magazine, I loved the idea of feminized and submissed males. I guess it started with costume parties in school, when several boys came as girls, and then there were a few adult parties with men dressing as women. I could never find a male who would go along with dressing up until I finally met Ray. He agreed eagerly to go to a costume party in a dark page boy wig, pink satin locking silky mask, bondage dress (which ensured him not trying to remove it), lacy white ankle socks, and #20 white baby doll shoes with small heels and two tiny straps. I made his face up and put false red...

Ray was as pleased as I with his feminine appearance. By the time we returned to my apartment we were both so amused by the wonderful experience that I remained in my black leather dominatrix costume, tied up my beautiful sissy with ropes, and we made love until we fell into an exhausted sleep with his tongue in my pussy. In the morning we had a long, serious talk, and agreed to move in together, with Ray quitting his job and being my sissy maid and cook. We ordered all sorts of baby doll and teenage clothes and shoes from your Transformation catalog, as well as your various feminizing pills and creams which Ray used without complaint. Soon he was growing breasts, his long hair was lustrous, his skin softer, and his figure more femininely rounded. He wore a corset constantly, to rip in his waist and give his hips and ass a more rounded, feminine look. He slept in baby doll nighties and I tied him up so he couldn't loosen his corset. Things went fine until Ray found that his dick was shrinking as his figure became more feminine. He balked at continuing the pills and creams, but was determined to have a sissy she male. We argued and I easily overpowered him and took him to the attic where I kept him in bondage in a "Forever Sissy" fully bra, matching panties, over the knee, school girl stockings and black Mary Janes with small heels from your "Little Tootsie" line.

For three weeks I abused Ray for hours when I returned from work. He was in a variety of muscle straining positions, walked on with 7" stilettos, whipped with belts and spanked with hair brushes. I fastened him and beat my cunt until he passed out from lack of air. I was sorry when he did admit defeat and I had no reason to continue punishing him. Still, I kept him tied, gagged and locked in the attic when he went out until I was sure I could trust him. I stepped up Ray's female lessons and use of pills and creams, and he was soon ready for large breast implants. I locked his dwindling cock in a FL3C sex:trans tool that prevented erections for heavy pain, and it had to be changed to a FL2 sex:trans tool that was attached permanently.

"Rene" is a lovely, submissive, sissy he male slave who satisfies me with her experienced tongue and fingers. There are occasions when I want a little variety and have "special" girl friends over for fun and games. They love binding and debasing Rene in her sissy dresses, or high school clothes, and agree she eats pussy better than any man and most women. Other times I have men over and make tied and gagged Rene watch me get what she can no longer give me. Not that she was ever that good! The men like her to wear fully baby doll or school clothes, with her tiny cock hidden by vagina panties so they can pretend she's a real woman. They say she gives head better than any woman and her ass passage is nice and tight. They love to tap her and cum in her gorgeous face. I often get so turned on by all that's done to her that I let the men tie me up too, and Rene and I have cock sucking contests. The men also enjoy watching us make "lesbian" love, with Rene the innocent school girl and me the older, experienced woman. Then they fuck our asses while we're tied in the 69 position.

Our sex and bondage games continue for the whole weekend, and Rene's mouth and ass are really well reamed by men's cocks and my doll's. She loves all that's done to her and even begs for more!

Mistress Sonja

How to feminize your body with natural herbs and vitamins that have natural female estrogen

In order for you to take synthetic estrogen (Premarin), you have to get a prescription from your doctor. This cannot only be difficult to do but embarrassing as well.

But did you know?

There are two herbs with natural estrogen in them that will give you the same effect as estrogen without all the side effects of possible cancer, loss of erection, etc. These two wonder herbs for crossdressers are black cohosh and blessed thistle. These two herbs will not only give you BREASTS, but softer more feminine skin and silken hair. They will also feminize your features.

If you didn't know it, TRANSFORMATION has already mastered this truly wonderful formula with its three unique vitamin hormone pills.

Glands are the secret! Glandular therapy utilizes raw concentrates of glandular and organ tissue. The theory is that like cells help like cells. In practical terms, this means that raw ovarian concentrate, for instance, contains a variety of known and unknown intrinsic factors that support ovarian functions in the recipient. The "raw" glands are used in Feminant are dehydrated by a special process which ensures they contain all of the enzymes and hormones that are present in the natural tissue. One of the key elements provides zoom of raw ovarian concentrates to assist in the production of the essential hormones, FSH (follicle stimulating hormone) and LH (luteinizing hormone).

These hormones perform basic biochemical and physiological changes in the female body, including increasing breast size and softening of the skin.

Other changes include development of special endocrine glands in the fallopian tubes and uterus to promote ovum implantation, enlarging of the pelvic area, faster extension of bone growth, decrease in bone growth period, and mild retention of protein and calcium.
